Diêm Đăng Huy

Unity Developer

0344290482 diemdanghuyfbi@gmail.com Bắc Từ Liêm, Hà Nội

OBJECTIVE

Unity Developer with over 3 years of experience in developing interactive games and real-time applications using the Unity engine. I am eager to contribute to your company by building engaging, high-performance, and commercially successful products across multiple platforms (PC, mobile, and other supported devices).

Over the next three years, I aim to further strengthen my expertise in advanced Unity systems, performance optimization, and technical leadership, with the goal of progressing into a Senior or Lead Unity Developer position and contributing strategically to long-term product and team success.

EDUCATION

Hanoi University of Industry 2018 - 2022
